Innovation

The Custom Accents® grommet collection is designed to help facilitate the flow of wires and cords around the desktop and work areas. Streamline the desk or work station with this extensive selection of grommets. Telephone wires, computer and keyboard cables, desk lighting cords, laptop wires, cell phone / tablet cables, and video component cables are easily managed and controlled. By eliminating wire clutter, office and home environments become neater, safer, and more efficient.

WIRE GROMMET

This unique three-piece wire grommet allows for adjustable hole openings. The wire grommet is offered in three different sizes and several different color options. Ideal for workspaces with computers and various electronics, this grommet can easily handle multiple data, power, and peripheral cables, as well as phone, fax, and coaxial lines. The 50mm Wire Grommet is ideal for smaller spaces with a single computer, whereas the 60mm and 80mm Wire Grommet is ideal for multiple computers and electronics. The adjustable top allows cables to be fed through from any direction while the size of the opening can be adjusted to free up more space or tighten to secure the cables.

Custom colors are available upon request.

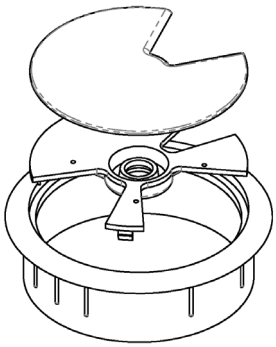
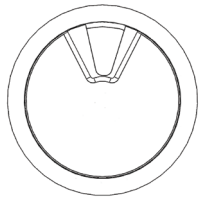
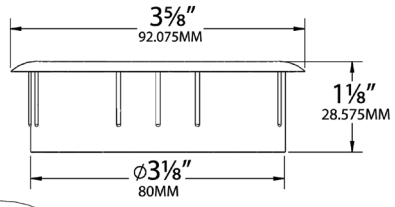
80MM WIRE GROMMET







FLEXIGROM® WIRE GROMMET

The Flexigrom® Wire Grommet features a flexible top that allows multiple wires to be fed from any direction. This grommet also features a one-piece construction that eliminates lost covers or pieces. The soft top is safe for all wires and cables that are fed through the grommet, and will easily allow movement through the grommet without causing damage, while providing a firm grip that will prevent the wires and cables from falling down when not in use.

Custom colors are available upon request.

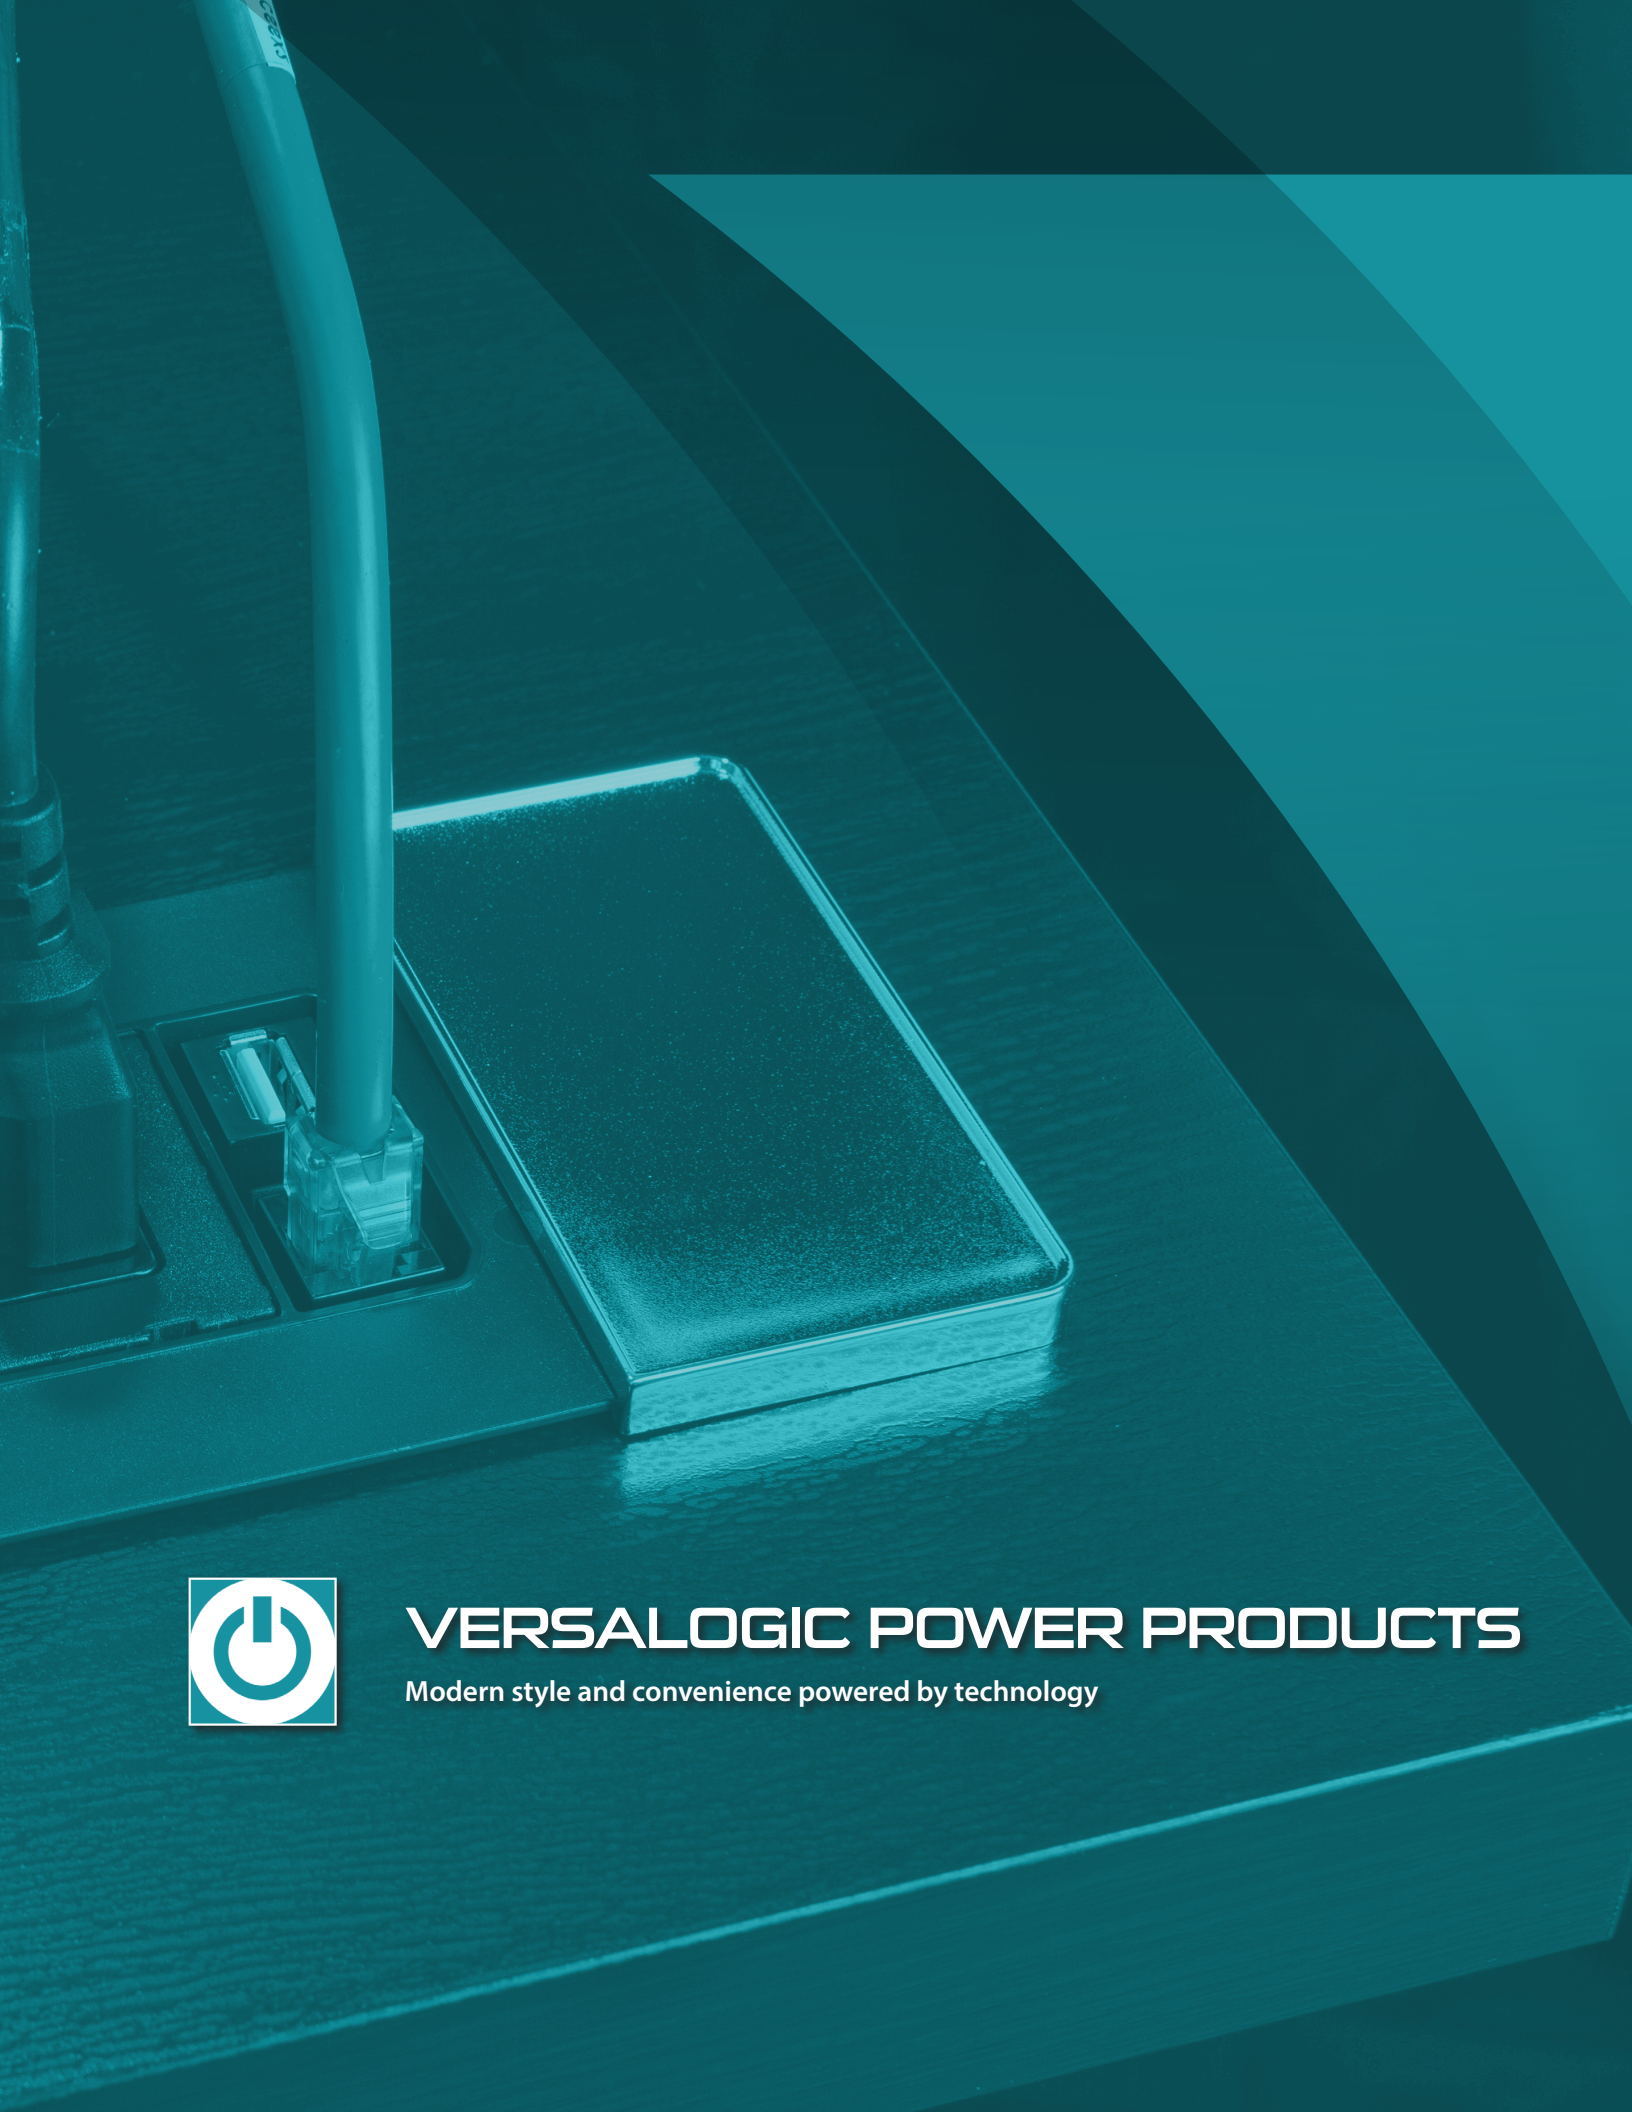
VersaPAD



VERSALOGIC POWER PRODUCTS

Modern style and convenience powered by technology

VERSAPAD

The VersaPAD is a compact and fully customizable grommet power system. Designed to fit in a standard 80mm diameter hole, the VersaPAD allows a selective use of the power socket or data connection, thanks to the sliding covers.

The highly customizable design of the cover makes the VersaPAD suitable for many environments such as lounge areas, kitchens, offices, hotel rooms, and many more.

Choose your cover color, as well as an additional coupler if desired.

The power cord comes attached to the power module.

Office

Home

Great for the office and home!

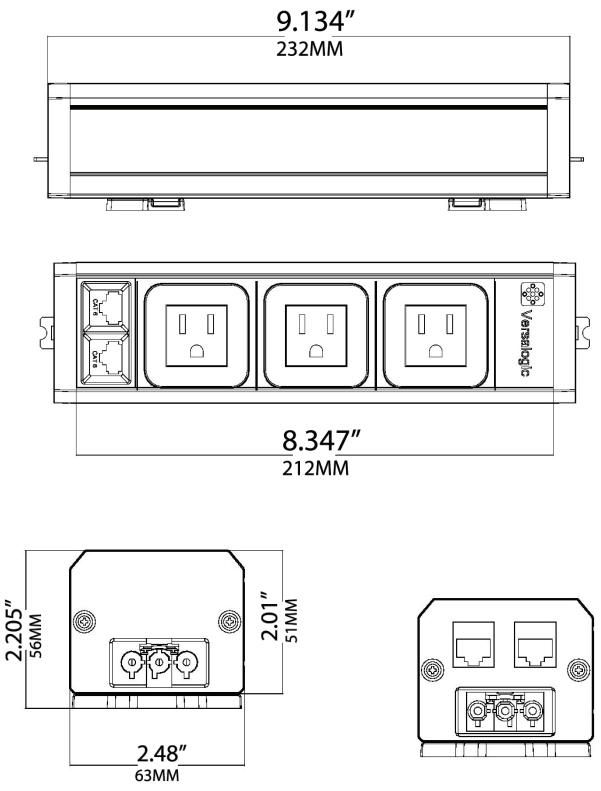
VERSATEK

The VersaTEK power module is the perfect power system that can be easily installed under the work surface or in a cabinet, keeping the wires and module out of sight. This allows the desktop to stay clear providing as much work area as possible.

In addition to the three standard power outlets, the VersaTEK comes with a RJ45 Cat 6 ethernet connection as well as a 5V USB connection for charging portable devices. Ideal for any workstation in offices, schools, libraries, as well as in the home office.

A two meter long POWER CORD is available for this product. Part number: CPF-03-VI9-3-02-NR02.

DESCRIPTION	PARTS / CARTON	PART NO.	COLOR
VERSATEK, 3 SOCKETS, 1 RJ45 CAT 6, 1 5V USB	1	CPF-03VI0-3-79-NR	ALUMINUM / BLACK



VERSAFLAP

The VersaFLAP offers a beautifully styled exit edge complete with a below-surface power module mounted at a 45-degree angle to avoid damage from spilled liquids. Wires and plugs can easily be connected to the module while the cover of the VersaFLAP can be closed or left open, reducing clutter and increasing usable work space.

The VersaFLAP comes with two RJ45 Cat 6 ethernet connections as well as one 5V USB connection. Ideal for desktops and community tables at schools and libraries, as well as conference and hotel rooms.

A two meter long power cord is available for this product. Part number: CPF-03-VI9-3-02-NR02.

VERSALOGIC POWER PRODUCTS

Modern style and convenience powered by technology

PULL UP POWER GROMMET

The Pull Up Power Grommet features an easy to use hide-away design allowing users to quickly and easily access both AC and USB charging ports. To access the power outlets, simply pull the unit up and it will lay flat allowing access to multiple power options. When not in use the unit sits flush with the work station. Ideal for conference rooms, workstations, hotel rooms, countertops, or anywhere else power access is needed.

Overall measures 2.86" in diameter and requires a 2.36" (60mm) hole.

DESCRIPTION	PARTS / CARTON	PART NO.	COLOR

Beauty Where You Want It
Power Where You Need It

The VersaPULL by Custom Accents®

Design

Managing wires is a necessity. Yet, it does not have to be at the cost of design. The Custom Accents® offerings of wire management products are attractive and functional. The epitome of form following function, these hip, sleek wire managers provide different ways to contain wires in unique styles.

Shown Here
Helix Cable Manager

WIRE MANAGEMENT

Organize and control wires from the floor to the work surface

CABLE SNAKE

The Cable Snake is a unique wire manager for controlling wires from the work surface to the floor. All wires are completely hidden and protected inside the Cable Snake; the wires are then fed out through the bottom at the foot enabling the user to plug them into a socket. It is highly flexible and can be used on stationary or height-adjustable desks and comes with the top mounting plate and foot.

The Cable Snake can also be purchased a la carte, enabling you to configure it how you would like.

It can be used with or without the Cable Trough (sold separately).

CABLE TROUGH

The Cable Trough is an injection molded wiring duct made from high-impact glass-filled nylon and designed to be snapped together to create any length channel you need in 8" increments. It is also designed to be easily installed underneath a work surface by means of the Fold Fastening Set or to a vertical panel with the Wall Mounting Bracket. The Fold Fastening system allows the Cable Trough to be tilted in either direction so that you can easily access the cabling when necessary. Enclose the channel with the Cable Trough End Cap and guide the wires down to the floor using the snap-in Cable Snake (sold separately). The Cable Clamp can snap into the hole in the Trough for help in managing and securing the cables.

Special kit packaging available upon request.

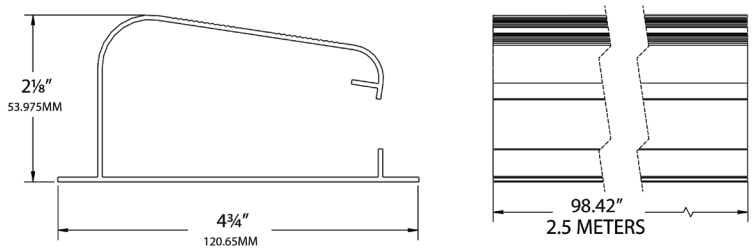
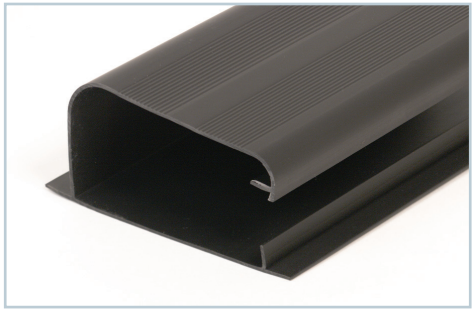
The Wiremaster channel sets the industry standard for simple, yet highly effective wire management hardware. Wires can easily be added and removed by the user. Upgrade to the Large size for additional wire capacity.

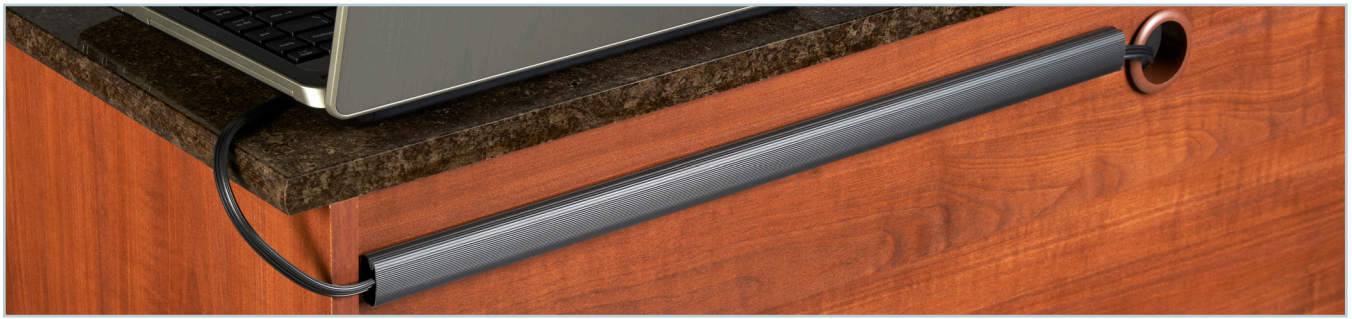
WIREWAY CHANNEL



DESCRIPTION	PARTS / CARTON	PART NO.	COLOR
WIREWAY CHANNEL, 2.5M, NO TAPE	16	CPF-3990	BLACK



A modified version of the Wiremaster Channel, the Wireway Channel features an angled hinge to create additional storage space without increasing the product's footprint.



VERTEBRA WIRE MANAGER

The Vertebra is a beautifully designed oval spine wire management system that brings a sense of elegance to any work environment. It features a double-channel cable system enabling the separation of cords when required by code. Expands from the work surface to the floor and can be connected to a grommet or simply use the included clip to hang the product off the side of a workspace. A weighted base unit is attached to the vertebra system enhancing the product's stability. The modular design allows users to add or subtract individual vertebra as their wire management needs change over time. Each set includes fifteen (15) rings (ideal for 39" high work stations), one head clip, one edge clip, one clamp and two screws. Kits are individually packaged for easy resale.

DESCRIPTION	PARTS / CARTON	PART NO.	COLOR

BRICK VERTEBRA

The Brick Vertebra provides a casual and conventional looking wire management solution. Installing this unit throughout the work environment provides a modern and unified aesthetic. This product features two separate wire management channels so cables can be separated when required by code. Users can easily add and remove vertebra pieces to accommodate various work surface heights. Packaged as a kit containing fourteen (14) vertebra pieces (ideal for 39" high work stations), a foot piece, top mounting bracket, and installation hardware and instructions. Height adjustment range per kit is approximately 3.5". Kits are individually packaged for easy resale.

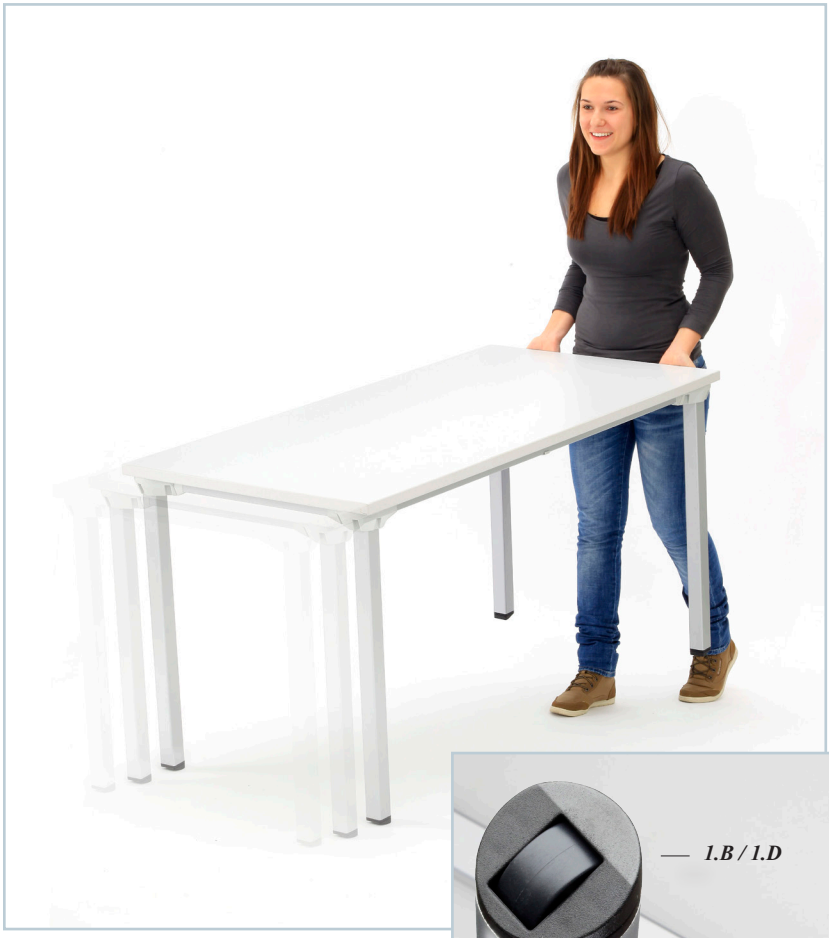
HAL-IR WHEEL



The most functional table wheel on the market.

The inner wheel fits firmly on the end of the table leg allowing the user to move the table or desk by tilting and rolling the unit with ease. Adding the glide cap (sold separately) allows the table to rest on a secure surface when stationary. With the wheel and the glide cap installed correctly, clients will never have to sacrifice mobility for style and functionality again.

BELOW THE DESK STORAGE

Organization products designed to create smarter work environments

KEYBOARD AND PENCIL TRAYS

Every ergonomically designed workstation starts with a well-designed keyboard system. The line of Custom Accents® Keyboard and Pencil Trays supports a healthy work environment by allowing users to have correct typing posture, which helps to reduce back pain and carpal tunnel syndrome. Made of the highest quality materials, we are confident that our line of keyboard trays will enable your clients to have a healthy work environment for years to come.

KEYBOARD TRAY WITH PENCIL COMPARTMENT

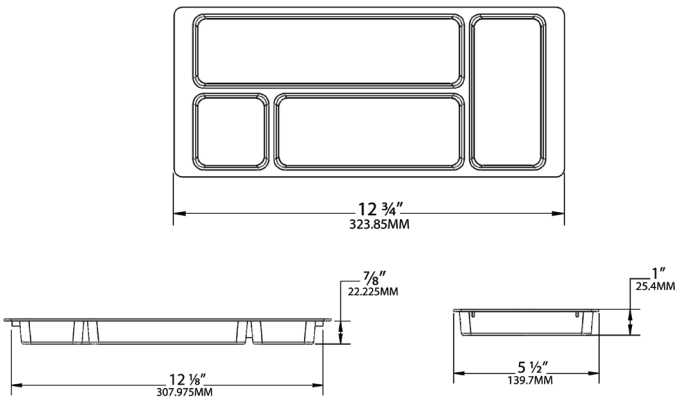
The flat front enables the tray to sit flush underneath the desktop while not in use.

PENCIL TRAY



DESCRIPTION	PARTS / CARTON	PART NO.	COLOR
PENCIL TRAY	100	CPF-F815P	BLACK

A perfect little organization accessory for the home or office environment, the Pencil Tray is designed to sit on top of most desk drawers and provides additional storage for items such as paper clips, pens, pencils, etc.

PENCIL AND NOTEBOOK DRAWERS

The Custom Accents® pencil drawers feature a generous amount of storage space packed into a low profile of only 2". Each Pencil Drawer is designed with deep storage compartments for larger items, such as cell phones, note pads, and even Custom Accents® catalogs, as well as smaller compartments for pens, clips, and other office products. The compartments of the Pencil Drawers are ribbed to prevent items from sliding around and help to keep the drawers organized. The included ball bearing slide rails allow the units to smoothly open and shut with very little effort. The units are easy to install with the included hardware and are available in two convenient sizes.

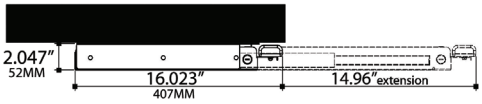
WORKSTATION LAPTOP STORAGE

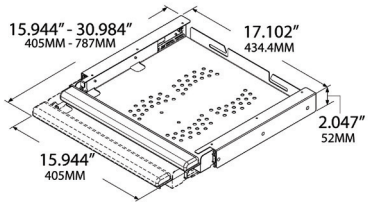
LOCKING NOTEBOOK DRAWER

The Locking Notebook Drawer is designed for the modern employee who is working just as hard outside of the office as they are in the office. Users are able to quickly turn their mobile laptop into their work desktop. In the open position, the drawer can be used as a working platform complete with soft wrist rest, wire management channels, and ventilation holes.

The Locking Notebook Drawer is made of heavy-duty steel and features a key-lock to ensure the device stays secure. The perfect addition to any modern workstation, this product is ideal for employees who regularly use laptop computers and tablets.

DESCRIPTION	PARTS / CARTON	PART NO.	COLOR
LOCKING NOTEBOOK DRAWER	4	CPF-89401	BLACK





LAPTOP GLIDER

In today's workplace, employees often bring their laptop to work with them only to have their mobile computer take up valuable work space. The Laptop Glider solves this problem by providing a secure way to store a laptop off the side of a desktop. The Glider's functionality is further enhanced as it allows for full access to a laptop's media ports and charging stations.

HANDIWALL® PVC SLATWALL PANELS

HandiWALL® is a cellular PVC slatwall which can be directly installed onto drywall, concrete, or any other flat surface. This slatwall system and accompanying accessories are a perfect addition to any office, storage room, or product gallery.

Made of our own proprietary blend of foam PVC, the durability of this product is unmatched and will last for decades. The panels will retain their new look for the life of the product and cleaning is easy with a damp rag or mild chemical cleaning agents.

The HandiWALL® panels are stackable with tongue and groove fit and are available in solid colors and beautiful warm wood grains. Request your sample of HandiWALL® today to see for yourself the amazing durability and unmatched beauty of our HandiWALL® PVC slatwall panels.
