# POWERGEAR™

by  **Comfort Zone.**  
America's Heating and Cooling Choice

- Designed with the professional in mind, but great for residential use
- Bringing rugged, hard-working performance to the job-site or home
- Oversized knobs, switches and handles are easy to use with gloved hands
- Heavy-duty details like copper motors and metal fan blades deliver strong performance

# **Comfort Zone**® **INDUSTRIAL**

- High performance and heavy-duty, designed for high duty-cycle applications
- Purpose-built for durability and reliability
- Fans feature all-metal construction and copper motor windings for durability and performance
- Heaters utilize 208/240V AC to deliver industrial strength heat output

All of these features are backed by Comfort Zone's quality assurance program. From the product design and engineering in the United States to strict global production performance standards, Comfort Zone's consistent quality earns recognition and repeat customers! All Comfort Zone products are designed and tested to exceed UL®, ETL®, SAA, CE, NOM and other global marks for quality. Plus they are manufactured under the supervision of our U.S. and China based Engineering and Technical Staff.
