

McKinney Warranty

McKinney products are guaranteed to be free of defects in both workmanship and materials for a period of one year. Any bending, defacing or modification of our product after leaving the factory will void the warranty. Liability shall be limited to the replacement of product or component determined to be defective and shall not include costs arising from removal or reinstallation of product. Cost of replacement shall not exceed original purchase price.

Written notice of damages must occur within the warranty period. A factory generated Return Goods Authorization will be provided as no goods will be accepted without prior approval. These defective goods must be returned to our factory in Berlin, CT, unless specified otherwise. Freight charges must be pre-paid unless noted otherwise.

This guarantee is only valid if the products are specified, applied and adjusted in accordance with the instructions contained in the General Information Section of the McKinney catalog and on frames and doors that are plumb and square.

McKinney Bulk Packed Hinges

McKinney offers bulk packaging on most popular hinges. Hinges arrive ready-to-install with no interior packaging and screws in bulk, which reduces the amount of material to discard. This also saves time, especially on larger installations, as individual boxes do not need to be opened. The packaging is reinforced and holds 48 hinges. In addition, the box is strapped to ensure it arrives intact at its destination.

The program is offered on the McKinney hinges listed below in 26D, with other finishes available upon request.

Orders are shipped quickly in 3 days or less.
