General Terms and Conditions

General

This Price List supersedes and cancels all previous price lists. Prices and terms are subject to change without notice.

Orders are accepted on the basis that they will be invoiced at prices and terms in effect as of the date orders are accepted.

If, under any law now or hereafter passed, the seller is required to pay a tax on sales, or an excise tax, the amount of these taxes will be added to the invoice value.

Orders will be filled with reasonable promptness, but The Stanley Works shall not be held responsible for any loss or damage resulting from delay in filling orders by reason of fire, strikes, differences with employees, government regulations, accidents, delays by common carriers, or other causes beyond its control.

Orders received for quantities other than standard pack multiples will be rounded up to the nearest standard box quantity.

Errors and omissions are subject to correction. All catalog dimensions are generally nominal and affected by tolerances. Product information shown in the price book or any catalog is based upon current information and is subject to change at any time.

On hinges, where two dimensions are given, the first dimension indicates height (not including tips) and the second dimension indicates width.

EDP Numbers

Use the 6- or 9-digit order number (EDP number) to ensure accuracy in order entry and to facilitate shipment. It is important to always use the order number (EDP number) when ordering.

UPC

UPC bar codes are located in the numerical index and have been provided on all appropriate products. As a general rule all products with the "CD" prefix are carded with the UPC located on the back of the card, while all product with the "SP" prefix are populated with the UPC printed directly on the bag. All bulk UPC ticketed product is identified with a bold italicized number in the UPC column.

Shipments

Prices are F.O.B. shipping point with full freight prepaid via the least expensive routing (our selection) on shipments having a net value of \$750.00 or more. Orders less than \$750 will be shipped freight prepaid with shipping cost added to the invoice.

Shipments requested for other than least expensive routing will be made, and the cost of the shipment will be added to the invoice.

Rush delivery requests may be accommodated at the customer's expense.

Terms

Prices are for full factory packages. For customer orders that are not at the order multiple quantity, we will round up to the nearest order multiple quantity unless footnoted with a ▲ symbol adjacent to the class number. For footnoted items on customer orders having less than the order multiple quantity, we will add 1/2 (1.5 multiplier) to the net price.

When asked to consolidate an order or contract from the hardware schedules for a given job, we will not charge for consolidating into one order for shipment in standard packaging.

Minimum Order Charge Commercial Accounts

Orders with a net value of less than \$45.00 will be invoiced at \$45.00.

A charge of \$50.00 will be made when we are requested to itemize and special package in accordance with such schedules.

Minimum Order Charge Consumer Accounts \$300.00

Claims

Claims for shortages and pricing errors must be made within 30 days of shipment and are subject to approval. Claims made after 30 days will not be honored.

Cancellations

If a cancellation or change on a non-stock item is requested once processing begins, a charge will be assessed based on factory expense incurred.

Returned Goods

No merchandise is to be returned without **PRIOR** written authorization covering specific items and quantities. Such authorization will be considered only if the request is made within 90 days of shipment and only if the credit can be applied to a specific invoice. A minimum restocking charge of 30% will be applied. It is not our policy to authorize the return of product if the request is made more than 90 days after shipment or if the credit cannot be applied to a specific invoice. If, however, such authorization is granted, a minimum restocking charge of 50% will be applied.

We cannot authorize the return of discontinued product or product other than those returned in standard packaging configurations. Under no circumstances will special order (non-stock) items be accepted for return, unless our error.
